

S.D.NANDITHA

Objective

Enthusiastic B.Tech Information Technology student with a strong foundation in Java, C, and Python, DSA and a keen interest in problem-solving and software development. Seeking opportunities to apply my technical knowledge, enhance coding skills, and gain practical exposure to real-world software development challenges.

Area of Interest

1. Full Stack Development
2. Software Development
3. Problem Solving
4. Data Structures and Algorithms

Education

Bachelor of Technology in Information Technology at Dr.Mahalingam College of Engineering and Technology, Coimbatore

Current CGPA: 8.6

HSC : Samathur Vanavarayar Government Higher Secondary School, Pollachi

Month, Year of Completion : March, 2024 with 89.1%

SSLC : Samathur Vanavarayar Government Higher Secondary School, Pollachi

Month, Year of Completion : May, 2022 with 89%

Skills

Technical Skills:

- **Programming Languages:** Java, Python, C++, C
- **Data Structures and Algorithms**
- **Technical Skills:**
 - **Object-Oriented Programming**
 - **problem Solving**
- **Frontend :** HTML, CSS, JavaScript, React JS
- **Backend:** Java
- **Tools:** Git, VS Code

Soft Skills:

- **Communication:** Excellent verbal and written communication.
- **Problem-solving:** Analytical Thinking, Root Cause Analysis.

Projects

1. Online Voting System :

- Secure login, vote casting, real time result display
- Voter verification via Email/OTP
- Stack : Node.js + React + MongoDB

2. Fake News Detection:

Developed a ML model to classify news articles as real or fake using NLP Leveraged techniques like TF-IDF and logistic regression, achieving over 90% accuracy on benchmark datasets.

3. Plagiarism detector:

Developed a plagiarism detection tool that analyses text similarity in assignments and highlights duplicate or similar content.

Certifications

- NPTEL certification in Business Fundamentals for Entrepreneurs
- NPTEL certification in Management Information System

Achievements

- Participated in Smart India Hackathon 2025
- Actively participated in coding practice and technical learning activities

Extracurricular Activities

- Participated in online hackatons and tech challenges focused on innovation in web and app development.
- Learning and Sharing tech Knowledge through LinkedIn posts and Student tech communities.
